

A vibrant, stylized illustration of a forest fair. The scene is set in a lush green forest with tall, blue evergreen trees and smaller green deciduous trees. In the foreground, a white truck with a crane is loading logs onto a trailer. To the right, a white tent is set up, with people gathered around it. In the background, a large white machine, possibly a sawmill, is processing wood. People of various ages are engaged in different activities: some are talking, some are looking at a display, and one person is kneeling to plant a small tree. The overall atmosphere is one of a community event in nature.
